Sir:

Introductory Comments

In reviewing our files on the above referenced case, it has come to our attention that we do not have an initialed copy of our previously submitted Information Disclosure Statement and Form 1449. In a telephone conversation with the Examiner, we were instructed to forward a copy of what was filed, as proof of such submission, and the Examiner would consider the Statement.

Applicants submit the attached copy of the Statement previously made and request that references be initialed by the Examiner as having been considered. It is noted that all the references on the Form 1449 were previously cited in the published International Search Report for this PCT application and were also cited and fully considered in the Written Opinion and favorable IPER and therefore were before the Examiner during the prosecution of the application.

Respectfully submitted,
